# Bloom's Taxonomy

One of the corporals said

- ▶ *"The best thing about Flipped Learning is, that you don't have to wait for the teacher to get done with all her powerpoints and talks – in Flipped Learning the learning can start immediately"*

# Another corporal

- ▶ *"I am one of those guys, who was expelled from all kinds of schools in my childhood and when I was a teenager. But last Sunday I couldn't answer the question, which came with the video. So I just had to watch the video 40 times. At last I googled because I just had to find the answer to the question"*

# The result

## Engaging education

They are active most of the time

Many different methods

Working together in groups

Working with problemsolving - cases

Peer to peer teaching

## Learning goals

They went from remembering to understanding and using many of the teoretical themes in dialogues and when working with problemsolving

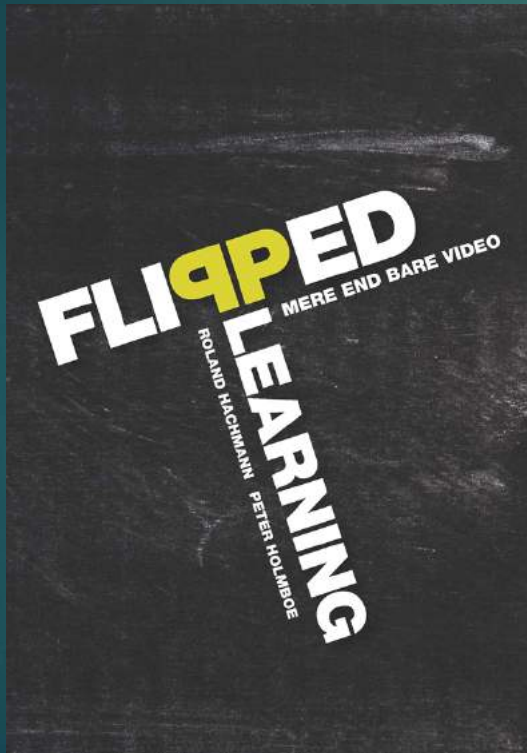

## Motivation

High Self-efficacy

They experienced that they were able to learn and do things, they didn't think they would ever be able to handle
